## Federal Poverty Levels for Medicaid, Marketplace, and Medicare Savings Program Enrollment in 2017 and 2018<sup>1</sup>

March 30, 2017

**This brief seeks to provide guidance to Tribes on the federal poverty levels (FPLs) applied when determining eligibility for Medicaid and federal financial assistance through the Marketplace during the remainder of the 2017 coverage year and during the 2018 open enrollment period and coverage year. In addition, this brief outlines the 2017 monthly income and asset eligibility limits for Medicare Savings Programs.**

### FPL Levels Applicable to Marketplace for 2017 and 2018 Coverage Years

On January 31, 2017, HHS issued the 2017 Federal Poverty Guidelines (2017 FPL). When determining eligibility for premium tax credits (PTCs) and cost-sharing reductions (CSRs) through a *Marketplace* for the 2018 coverage year, the 2017 FPL will apply throughout the 2018 coverage year, including for eligibility determinations made during the open enrollment period for 2018 and during Monthly Special Enrollment Periods for Indians and their families conducted throughout 2018. For the remainder of the 2017 coverage year, the 2016 FPL will continue to apply.

### FPL Levels Applicable to Medicaid for 2017 and Early 2018

For *Medicaid* eligibility determinations, the 2017 FPL will apply for the remainder of 2017 and early 2018, when HHS will issue the 2018 Federal Poverty Guidelines (2018 FPL). After HHS issues the 2018 FPL early next year, the 2018 FPL will apply when determining Medicaid eligibility through the remainder of 2018.

### FPL Levels Applicable to Medicare Savings Programs for 2017

About 8.3 million individuals across the United States are enrolled in both Medicare and Medicaid, and Medicare beneficiaries with limited income and assets might qualify for a Medicare Savings Program that helps cover their premiums and out-of-pocket medical expenses. (Enrollment for Medicare Savings Programs is conducted through state Medicaid programs.) On March 24, 2017, HHS released the monthly income and asset limits for Medicare Savings Programs for 2017, based on the 2017 FPL. HHS will release monthly income and asset limits for Medicare Savings Programs for 2018 in early 2018.
