Federal Poverty Levels for Medicaid, Marketplace, and Medicare Savings Program Enrollment in 2018 and 2019¹

November 28, 2018

This brief seeks to provide guidance to Tribes on the federal poverty levels (FPLs) applied when determining eligibility for Medicaid and federal financial assistance through the Marketplace during the remainder of the 2018 coverage year and during the 2019 open enrollment period and coverage year. In addition, this brief outlines the 2018 monthly income and asset eligibility limits for Medicare Savings Programs (government figures not yet updated for 2019).

FPL Levels Applicable to Marketplace for 2018 and 2019 Coverage Years

On January 18, 2018, HHS issued the 2018 Federal Poverty Guidelines (2018 FPL). ***When determining eligibility for premium tax credits (PTCs) and cost-sharing reductions (CSRs) through a Marketplace for the 2019 coverage year, the 2018 FPL will apply throughout the 2019 coverage year, including for eligibility determinations made during the open enrollment period for 2019 and during monthly special enrollment periods for Indians and their families conducted throughout 2019.*** For the remainder of the 2018 coverage year, the 2017 FPL will continue to apply for Marketplace enrollment.

FPL Levels Applicable to Medicaid for 2018 and Early 2019

For Medicaid eligibility determinations, the 2018 FPL will apply for the remainder of 2018 and early 2019, when HHS will issue the 2019 Federal Poverty Guidelines (2019 FPL). After HHS issues the 2019 FPL early next year, the 2019 FPL will apply when determining Medicaid eligibility (but not Marketplace eligibility) through the remainder of 2019.

FPL Levels Applicable to Medicare Savings Programs for 2018

About 9 million individuals across the United States are enrolled in both Medicare and Medicaid, and Medicare beneficiaries with limited income and assets might qualify for a Medicare Savings Program that helps cover their premiums and out-of-pocket medical expenses. (Enrollment for Medicare Savings Programs is conducted through state Medicaid programs.) In March 2018, HHS released the federal monthly income and asset limits for Medicare Savings Programs for calendar year 2018, based on the 2018 FPL.² HHS will release the federal monthly income and asset limits for Medicare Savings Programs for calendar year 2019 in early 2019. As a result, the income eligibility limits have not yet been updated for 2019. These amounts may be slightly higher in 2019.

Shown below in Tables A, A.1, and A.2 are the FPL figures and the Marketplace and Medicaid eligibility
